

CREATE Training Program in Climate Science

Our team is currently recruiting graduate students for research projects starting in 2011. We have several fellowships available for PhD and MSc candidates.

Interdisciplinary research in:

- Climate change
- Paleoclimate
- Biogeochemical cycles
- Water resources

CREATE students benefit from participation in workshops and international conferences.

This program is funded by:

Team members:

- Hugo Beltrami, StFX.
- Grant Ferguson, StFX.
- Lisa Kellman, StFX.
- Nelson O'Driscoll, Acadia.
- Dave Risk, StFX.
- Laxmi Sushama, UQAM.
- Lev Tarasov, MUN.
- Sue Ziegler, MUN.

Participating institutions:
StFX, MUN, UQAM, Acadia

Interested students please contact ebourlon@stfx.ca,
program coordinator. For additional information go to:
