

Environmental Sciences And **CREATE** Seminar Series

Can we talk? Social science approaches to climate change discussion, opened up for a science-based audience

Dr. Jonathan Langdon

Development Studies professor, St. FX

This engagement will be an opportunity for dialogue between those practicing social science and science based approaches to the study of climate change.

Come prepared to interact!

All are welcome.

Thursday, **November 7th**, 2013

1:15 – 2:05PM

Physical Sciences Centre **2041**
